

Low and/or Medium Risk Non-Family Mission

EUBAM Libya currently bears a Low and Medium Risk Non-Family Mission status. The Mission Headquarters is in Tripoli. For security purposes, Mission Members are obliged to live in restricted areas, where security responsibilities are borne by the Mission. As such, the Mission takes no responsibility for family members of mission members visiting or habitually residing in the country. Only international mission members are covered by the Mission status (Unilateral Declaration of 22 June 2018 of the President of the Presidential Council and the Prime Minister of the Government of National Accord of the State of Libya), MEDEVAC or security/evacuation arrangements and use of Mission assets including vehicles. All costs for family members in the Mission area, including insurance, are the respective staff member responsibility. Subject to deterioration of the security situation and possible evolution of the SIAC risk rating, the Head of Mission will propose, in consultation with the EEAS Security Department, to the Civilian Operation Commander, to take measures to change the application of the Low and/or Medium Risk Non-Family status into High Risk Non-Family status.

Seconded personnel – For seconded positions, only personnel nominations received through official channels from EU Member States will be considered. EU Member States will bear all personnel-related costs for seconded personnel, including salaries, medical coverage, travel expenses to and from the Mission area (including home leave) and allowances other than those paid according to the Council documents 7291/09 (10 March 2009) and 9084/13 (30 April 2013).

Contracted personnel – The Mission may recruit international staff on a contractual basis as required through an employment contract. The employment contract with the Mission establishes the conditions of employment, rights and obligations, remuneration, allowances, travel and removal expenses and the applicable high risk insurance policy.

Documents supporting educational qualifications and work experience should be accompanied by certified translations of the original documents in the English language, if issued in another language, in accordance with the European Commission Guidelines for Lifelong Learning, which ensures transparency in higher education and fair and informed judgements about qualifications.

Tour of duty/contract period – Subject to the adoption of the Council Decision extending the Mission mandate and approving the appropriate Budgetary Impact Statement, the duration of the deployment should be of 12 months.

Certain positions may require higher language skills further specified in the individual job descriptions. The Mission may seek to facilitate language training and where appropriate, specialist language training, for newly recruited mission staff members.

III. ESSENTIAL DOCUMENTS AND EQUIPMENT FOR SELECTED CANDIDATES

Passport – Selected candidates must have a biometric passport from their respective national authorities valid for at least six months. If possible, a Service Passport or Diplomatic Passport should be issued.

Visas – Contributing States and selected candidates must ensure that visas are obtained for entry into the Mission area prior to departure from their home country. It is also essential to obtain any transit visas, which may be required for passage through countries on route to the Mission. The Mission initiates the visa procedure for Libya for selected candidates through the Libyan Ministry of Foreign Affairs in Tripoli. Visas are to be collected from the Libyan embassy or consulate in home countries. Supporting documents will be requested (i.e. scan copy of passport, Libyan visa application form). The issuance of a Libyan visa can be a lengthy process, which is beyond the Mission's control. If the visa process is delayed in home country, the Mission may require selected staff to deploy to Tunis, Tunisia, where they are allowed to stay for up to three months. Before arriving in Tunis, the Mission will apply for a Libyan visa through the Libyan Ministry of Foreign Affairs in Tripoli, to be collected at the Libyan Embassy in Tunis. A delay in the visa process might have financial implications (lower per diem and hardship allowances) for selected candidates who would be waiting for their visa in home country or temporarily deployed in Tunis until their visa (or equivalent) is issued and they are redeployed to Tripoli.

Education diploma(s)/certificate(s) and/or professional certificate(s) – Selected international contracted candidates must have and present to the Mission the university diploma or the professional certificate/diploma, depending on the job description, before signing the contract or taking up their duties.

Required Personnel Security Clearance (PSC) or Certificate of Good Conduct – Selected candidates will have to be in possession of the necessary level of a Personnel Security Clearance (PSC) as specified in the respective job descriptions. In case of lack of such requirement in the job description, selected candidates are required to present a valid official document from their respective country's competent National Authority confirming the lack of convictions for crimes or offences under common law, not older than 3 months (the so-called **Certificate of Good Conduct**).

In case of the PSC requirement: seconded experts must provide the original certificate of the national security clearance or a proof of the initiation of the process upon deployment. For contracted experts, the process will be initiated by the Mission upon deployment. Please note that the role of the Mission is limited to initiation of the process and the Mission declines all responsibility regarding its final outcome.

In any case, the final PSC certificate must be presented within 12 months from the deployment. Failing to meet this requirement will result in the termination of the secondment/contract and no extension can be granted. Please note that Heads of Mission, Deputy Heads of Mission and Senior Mission Security Officers must always provide a valid PSC upon their deployment – a proof of initiation of the PSC is not accepted.

In case of the **Certificate of Good Conduct**, seconded experts must deliver such a certificate to their respective Seconding Authority. Contracted experts must deliver such a certificate to the Mission's Human Resources before their deployment. In case of possession of multiple nationalities, or if a candidate has or had his/her residence in a country, which is not his/her country of origin, a certificate must be issued by every country where the selected candidate has had his/her residence for a period longer than 1 year during the last 5 years preceding the deployment (except if he/she resided there prior to reaching the age of 18 years).

For Contributing Third States selected candidates, an equivalence to access to the required level of EUCI will be delivered on the basis of Security of Information Agreement or Administrative

Arrangements with EU or, in their absence, on the basis of the Framework Participation Agreements.

Certificate/booklet of vaccination – Selected candidates must be in possession of a valid certificate/booklet of vaccination showing all vaccinations and immunisations received. They also must be vaccinated according to the required immunisations for the Area of Operation of the Mission.

Medical certificate – Selected candidates should undergo an extensive medical examination and be certified medically fit for Mission duty. A dental examination is also required to certify that no eminent dental issues are foreseen.

For selected contracted candidates, in compliance with “Fit to work clearance procedure”, a copy of the result of the medical examinations as well as the fitness to work certificate, for seconded selected candidate, the fitness to work certificate must be sent to the Medical Adviser of the Mission before joining the Mission. Medical data will be handled with confidentiality and in line with EU Charter of Fundamental Rights and the Standard Operating Procedure on the protection of personal data (CivOpsCdr Instruction 12-2018 as amended.)

The Heads of Mission reserve the right to reject the recruitment of any selected candidate that proves to be medically unfit to work in a civilian CSDP Mission.

Personal protection equipment – It is recommended that national authorities provide seconded selected candidates with protection equipment.

Deficiencies in any of the documents requested for a specific position may result in failure of the selection process.

Candidates should be selected on the basis of relevant competence and experience, while strict priority shall be given to seconded candidates. Training – The selected candidates should complete Missionwise and e-SAFE modules, which are designed for the delegations or an equivalent course. The modules can be accessed in the following link: <https://webgate.ec.europa.eu/eeas/security-e-learnings>.

HEAT (Hostile Environment Awareness Training) is currently strongly recommended for Libya. The candidate should have undergone a certified four to five days residential HEAT training **no more than five years ago**.

Pre-Deployment Training (PDT) – The selected candidates should have undergone Pre-Deployment Training in accordance with the CSDP agreed Training Policy, or a national alternative of the course.

Data protection – The EEAS, and its Department CivOpsHQ, processes personal data pursuant to Regulation (EC) 2018/1725 on the protection of individuals with regard to the processing of personal data by the EU institutions, bodies, offices and agencies and on the free movement of such data.
