

Please note that the Country Threat Assessment (CTA) of the country might change at any point during the call for contribution cycle. It may have an impact on mission members' working conditions, including financial and leave entitlements. The CTA mentioned in this call for contribution is valid on the date of its publication.

High/Critical Threat Non-Family Mission

European Union Advisory Mission in Iraq bears a High Threat Non-Family Mission status due to the present threat rating of the mission area as high/critical. As such, international seconded and contracted mission members shall at no time receive visits or be habitually accompanied by any family member in the mission area for the duration of their present tour of duty or contract.

Seconded personnel – For seconded positions, only personnel nominations received through official channels from EU Member States will be considered. EU Member States will bear all personnel-related costs for seconded personnel, including salaries, medical coverage, travel expenses to and from the Mission area (including home leave) and allowances other than those paid according to the Council documents ST 7291/09 (10 March 2009), as amended by ST 9084/13 (30 April 2013) and by ST 14108/25 (30 October 2025).

Seconded personnel from Contributing Third States – Based on a political decision, Contributing or Invited Third States may be considered. Personnel seconded from Contributing Third States are not entitled to receive allowances paid according to Council Documents ST 7291/09 (10 March 2009), as amended by ST 9084/13 (30 April 2013) and by ST 14108/25 (30 October 2025).

Contracted personnel – Council Decisions establishing civilian CSDP missions stipulate that the missions will consist primarily of staff seconded by EU Member States or EU institutions and the EEAS. International and local staff may exceptionally be recruited on a contractual basis if the functions required cannot be provided by personnel seconded by EU Member States.

The OPLAN and the employment contract with the Mission establishes the conditions of employment, rights and obligations, remuneration, allowances, travel and removal expenses and the applicable high/critical threat insurance policy.

In line with the policy on increasing the presence of secondment experts in civilian CSDP to strengthen the ownership of EU Member States over missions, the overall duration of subsequent contracts with one mission cannot exceed a maximum cumulative period of six years.

Moreover, the duration of any contract cannot exceed the duration of the mandate of the mission and that there is no legitimate expectation or a right for a new contract. This rule will apply to all types of missions (low, moderate, significant, high and critical threat missions).

Once the maximum cumulative period of subsequent contracts of six years in a mission has been exhausted, the international contracted staff will not be eligible for a post in that mission and cannot be offered a new contract in that mission. However, she or he may apply to other missions.

Specificities for high or critical threat missions

International contracted staff having exhausted their maximum cumulative period of six years of subsequent contracts in one or more high or critical threat missions can apply for posts in other high or critical threat missions only after a period of one year has passed since the end of the last contract with a high or critical threat mission (“cooling off period”) at the date of their application. For the purpose of this paragraph, consecutive contracts are defined as contracts between which the time elapsed is less than one year.

Should the threat assessment of a mission change during the contract of an international contracted staff from lower, moderate or significant to high or critical or vice versa, only the high or critical threat periods will be accounted for the maximum cumulative period of six years. The period will be counted from the date when the CivOpCdr informs the respective mission about the change in the threat level.

Contracted candidates for which the selection procedure and/or deployment would result in exceeding the maximum cumulative period as described above, preventing a full twelve month deployment, will not be eligible.

Documents supporting educational qualifications and work experience should be accompanied by certified translations of the original documents in the English language, if issued in another language, in accordance with the European Commission Guidelines for Lifelong Learning, which ensures transparency in higher education and fair and informed judgements about qualifications.

Tour of duty/contract period –Subject to the adoption of the Council Decision extending the Mission mandate and approving the appropriate Budgetary Impact Statement, the duration of the deployment should be of 12 months.
